**This document is to show that I or somebody even better than me could do this even though now I have changed to and am campaigning for an educational mission! Send Page 1 but now ask Congress, State, and local elected or running for election read the revival readings in this documents about our government and Christianity – the religion that gave us America. Sunday School revival readings for politicians, citizens, judges, and watchmen written by a layman Bible scholar and student of our democracy. A “Politics Civility Revival Pledge” for politicians is enclosed at the end of this document.**

**Realize that the campaign running for President is now a campaign to do a Sunday School class of things for you to read at your own rate or start a SSOA group. Thanks for coming to my class in your home. Much more about the revival readings later.**

**Now lets start from the beginning and see how things developed.**

**I am considering a run for President of the United States. I am running as an old person. I am asking the electorate to concede. Please see the document for “Daniel for Prez *Will win even if not elected!*” at [danielhookemusic.com](http://danielhookemusic.com) in the Document links. That is the document that you are reading.**

**The campaign is patterned after the way Jesus and His disciples campaigned: they had a message, did some healings, and gave help to those less fortunate. If people did not listen, they dusted their shoes off as a witness against them and went on to where someone else needed help and would accept it.**

**If you like what you see, follow directions in the Document. Send a copy of Page 1 to your list (defined later). Try to get 3 or more of those people on your list to do the same. Etc. Contribute to some of the people that are a concern of Jesus. Read the revival readings. Then we need to first to convince Congress Senate Majority Leader, Senate Minority Leader, Speaker of the House, and House Minority Leader. Contact them. Then spread copies of Page 1 everywhere. Thanks!**

However, even though I am getting people that say they will vote for me, no one is encouraging me to run.

Near every word that comes to me is unanimous. Washington has some kind of sickness. The Washington pip, Washingtonitis. Even the Supreme Court has problems with being ladies and gentlemen and civility! I have people that want to vote for me but they want to show me the latest Washington mess on their phone even the latest sinful mess. AMERICA IS A political MESS! I have had people not want to read my campaign proposals. I don't know if that is a comment on me or they are too sick of Washington to believe that anyone can help. Good candidates say NO! Above-excellent administrator and great in international affairs like Nikki Haley do not plan to run! Where is Jeb Bush? People in Florida praised and lauded his natural disaster help! I am an educator and I like his education ideas! He is good with foreign countries even our enemies. He has worked with a President of another party! How many other great and effective Americans are out there but do not want to get into the Washington political mess! One lady summed it up this way: "Well Danny I am impressed but why would you want to tarnish your impeccable life's history with a run for the Presidency of the US. Take a trip to the Caribbean and live it up. You would have more fun. Good luck in either endeavor. Keep us posted on all of your experiences!!!!!"

After advice from others, it is not a good idea to use the election as a way to help the country with the golden years of our married life now 61 years. American politics is now a mess! There are areas that sorely need fixing! I have studied these areas. Writing is a more effective way. I have contacted all of Congress before on issues - - not an easy task. We have problems that we can talk about and solve! As a twenty year adult Sunday School teacher and a layman Bible scholar I have writings hopefully people will read. Hopefully you will read these lessons, too! We can reach the nation with the same way as with the election (an education mission rather than a campaign mission) with your help! More ideas later with the Sunday School Of America. Thanks!

With my lack of encouragement to run for President, I am changing my way to try to help the America I love and which is the greatest nation

ever on earth. It is a Christian based country by imperfect people. As a former adult Sunday School educator I am going to emphasize my study and writings to help if someone will listen. If not, I will do the Bible way, I dust my shoes off, etc. and go to someone else that may want help. I will leave my offer to be a no veto President on the table who would also work on human relations, bring people together to sit down and work on problems, and present conservative court judges. My method is the Apollos way which is teaching from Scripture in faith because that is what Jesus Christ Who rose from the dead among other things endorses. God does not use Elijah like signs to endorse me. I study from Scriptures and tell you what I found that you may not have found. No miracle power has been given to me like was given to the disciples. I am not a miracle worker except for what is available to all of us: In faith ask God, ask Jesus, resist Satan who will flee from you, be open to the fact that with God all things are possible! Do you know what the Scriptures have promised? Lives have been helped, lives have been changed even in the political world. Why live in ways that are eternally empty because they are not in line with Scriptures? When Christians die, angels come and carry them to heaven. There are two judgments. Christians face Jesus Christ for judgment. God is holy and no unholy can be in His presence. Jesus burns with fire to rid the unholy! Jesus can look deep into our soul and see what is holy and unholy in your lifetime. "For other foundation can no man lay than that is laid, which is Jesus Christ. Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble; Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is. If any man's work abide which he has built thereupon, he shall receive a reward. If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire." Christians will face embarrassment and painful regret for wood, hay, and stubble. And get treasurers in heaven rewards for precious stones, silver, and gold. But forgiving Jesus will not revoke their salvation. We should all be thinking now what are we building be gold or stubble or other at our Jesus judgement if we are Christian! There is no heavenly reward for being President of the United States necessarily. We all will get some fire - - that's why we need a Savior because we cannot get rid of our past!

**That's why I say that I "Will win even if not elected! Because I teach Scriptures and will get rewards! I Will win even if not elected!"**

**Many American politicians, judges, and watchmen have found this out. Many have not. One of the worse politicians in my lifetime spued things out that I would not say here! A friend told him that he needed to get to know Jesus. THIS POLITICIAN CHANGED! He founded one of best prisons ministries in America! The prisoners there changed also! Few returned when they got out. You can change too!!**

**We are still doing a campaign but instead of a political campaign it will be an educational campaign. I need your help using the same method as the political campaign. We may change the nation if we can get politicians to read my study research and analysis may I humbly say. There may be something in this for you too. If not, give to the poor, dust your shoes off and go to someone who will accept your help. Donate to those needing help as Jesus requested in His projects.**

I and my wife of 61 years are starting a Sunday School class of revival readings called Sunday School Of America (SSOA) that you can do by yourself at home or organize a class or discussion group. Come join us! Use these just mentioned revival readings. GET OTHERS TO ORGANIZE A CLASS! Let's give this country something to think about!

Now lets continue our journey.

I offer the Congress Branch of the government a no veto Executive Branch President and the Executive would govern like Queen Elizabeth did so well and with respect. If Congress did not do it respectfully I could resign and let the Vice President with veto powers take over. If the Congress voted to have a no veto executive, then Congress would have to get the States citizens to vote legislation to concede for behind the decision. This is the kind of discussion our Founders had to do to Make a Constitution. There were discussions and gentlemen disagreements. Even public disagreements - - George Washington's Mother said that she lost a son in the war! A few did not attend church  
Page v

regularly. One even tried to rewrite the Bible with no spiritual authority to do so! Some would not vote for the Constitution because of disagreements like the Bill of Rights to protect us from the government. Other disagreements were left to later generations even involving war and assassinating. Overall they came up with the best nation ever on the face of the earth! George Washington wrote a book on how people should treat each other. "*The Rules of Civility and Decent Behaviour in Company and Conversation*". The world thought George Washington who defeated the most powerful nation on earth would set himself as king which was the way to do things in those days. George Washington ended up laying down his sword! I have performed music were George Washington laid down his sword in Alexandria, Virginia. I was not present then. I am old but not that old. The religion that was behind this great nation was brought to our shores as Christianity! But not greatly articulated.

I think that America's problem today is religion not some other things which we will look at in THE SOLOMON PROJECT.

If America will not accept my offer of a no veto Executive Branch then I am on a fixed income and politically poor. So I looked at write-in voting to be President. Write-in has been used successfully in the highest offices in the land but not for President. Not much to do – maybe some paper work. Cost is low. A few States will not allow write-in but their electoral college numbers are small. Electoral College there can be covered the old fashion way for these but involves money. 270 electoral numbers needed out of 538. Use your full name. May have to use a sticker. DON'T FORGET TO COLOR IN THE OVAL OR THE MACHINE MAY NOT COUNT YOUR VOTE! Of course you need a lot of write-in votes plus the no write-in States (you need their numbers). Next you need lots of people who agree with you. Later in this document I described a mathematical way to get about 70,000,000 by midterm theoretical but quite optimistic. Last election needed over 77,000,000 by Presidential election. Huge numbers do not vote as a protest. They are upset with politics. Many people vote as a protest. Many people vote for someone they know will not win. Mickey Mouse even gets votes. Buy then the worst part happens. You can win the vote in the 38 write-in states but lose the election! You forgot to get an electoral slate for each of those states! You can save some money by not giving the

Page vi

slate an expense account. You have to have an organize group for the slate in each state. We are the “United” States. Each state has their own way of doing things. Each state is like a separate country. In history there has been be complications. Two groups can claim to be the slate. A slate person may jump ship and vote someone else. And, oh yes, then there are lawyer fees to keep you on the straight and narrow on time in 50 countries (states). Then you got to beat the general election candidate of any other party. When elected you need to help your friends especially but all Americans. People with lots of money give lots of money to all candidates. Then after the election they come knocking on the door of the winner because they supported them. After the inauguration you have to start plans for your re-election. Meanwhile you have to get correct plans to make you VP legal. In effect you are *like a third party. You are a third party but save money by using write-in.* A poor person will probably never be President. Write-in has worked for a senator with only one country (state) but not for President with 50 countries (states) to deal with. Did all of this put you to sleep?

All elected politicians or anyone (you) are ask to start a Sunday School Of America (SSOA) Class. *SSOA is a religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as a scholarly researcher of Colonial religion and civility civics and the Bible.* Get Governors and state legislator leaders involved also. If people are receptive we can spread our message across the land. Pray! ... To participate in a class you may not hate anyone. You may disagree but not hate! To lead a class you need no training. You may meet weekly in a firehouse, church, home, etc. Starting at the beginning of the revival readings, the leader reads a short passage from the revival readings, then gives the leader’s comments briefly (distinguish between writer’s comments and leader’s comments), then if it is a small class allow class members to make their own brief comments civilly with no arguing ... then leader reads the next short passage etc. continuing ... you might like to divide the class time half for the 5 religious readings and half for the other readings ... present Pledge and Directions in every class ... use the Bible reading document at home ... continue weekly until the course is over. Then you all might like to do the course again! .... End classes with the Lord’s Prayer. You could start the class with a prayer and singing one verse of “Standing On the Promises” especially if there is a piano there (pass out the words). Start and end on time as announced. Skip for

home reading the Experience of Daniel. Videos in the reading may be for the members at home with good sound system. ... The videos and reading materials may be purchased or downloaded as the originator of the materials is able to provide. God Bless! Thanks!

Where do we stand? I would like to do something for my country that I love. America is in a political mess! People even do not want me to even run for my benefit. (1) A write-in election is out of my reach very likely. Maybe someone else could pull it off. (2) I made an offer to Congress for a no veto Executive Branch like Queen Elizabeth did. In my lifetime politics are getting worse and worse. Human relations in Washington and national politics are at an all time low in all three Branches of the government. I am taking that off of the table. Maybe someone else? (3) Sunday School Of America. Yes I can help if people listen! I will be offering a look at what came to our shores to give us America; COLONIAL BIBLICAL CHRISTIANITY!!! With millenniums of success that will never pass away!!! SSOA is a religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as a scholarly researcher of Colonial religion and civility civics and the Bible. SSOA is a course of revival readings as mentioned here in the document that you are reading. I try to make up things that do not take much of my time. SSOA does not have a national headquarters. It is you by yourself or a group you organized. Thanks! I am trying to make the materials free or for a fee as a choice. I am at the age that more money goes out than comes in sometimes with a huge gap. I have to plan to have enough money to last till we die or have an agreement. I may need to use don't muzzle the ox idea. I do not charge for anything on my website danielhookemusic.com but the time has come for some charging. I just got my first document publisher's agreement and I will get a royalty. Be out in a few months by Christian Faith Publishing. "A Quick Look At Biblical Christianity".

So what is wrong with America specifically? Religion but more specifically: "And no marvel; for SATAN himself is transformed into an angel of light" giving us politics human relations TEMPTATION problems! One person has never fallen for temptation – Jesus Christ! "Seeing then that we have a great high priest, that is passed into the heavens, Jesus the Son of God, let us hold fast our profession. For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as Page viii

we are, yet without sin. Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need.” “There has no temptation taken you but such as is common to man: but God is faithful, who will not suffer you to be tempted above that you are able; but will with the temptation also make a way to escape, that you may be able to bear it.” ... What was the background of the famous temptation of Jesus by the devil satan? Jesus was led into the wilderness. How many politicians have been in the wilderness of America? Do live paycheck to paycheck? Have you ever tried it? Do you ever choose between food for your family and gas for your car and huge bills that your insurance will not completely cover? I understand that Congress can give themselves a raise or lifetime retirement with our tax money! What kind of wilderness could they understand? Try living paycheck to paycheck for 3-6 months. Live with those Americans of us in the American wilderness. ... Jesus fasted. Have you ever fasted? It is my understanding that it makes you closer to God because you not thinking of yourself. Jesus and others in the Bible fasted 40 days no food or water! Then they said Jesus was hungry! What an understatement! I have tried a milder form of fasting and things started happening when little was happening! ... “There has no temptation taken you but such as is common to man: but God is faithful, who will not suffer you to be tempted above that you are able; but will with the temptation also make a way to escape, that you may be able to bear it.” ... “But every man is tempted, when he is drawn away of his own lust, and enticed. Then when lust has conceived, it brings forth sin: and sin, when it is finished, brings forth death. Do not err, my beloved brethren. Every good gift and every perfect gift is from above, and comes down from the Father of lights, with whom is no variableness, neither shadow of turning. Of His own will begat He us with the word of truth, that we should be a kind of firstfruits of His creatures. Wherefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath: For the wrath of man works not the righteousness of God”. ... “And when the tempter came to Him, he said, ‘If You be the Son of God, command that these stones be made bread.’ But (the very hungry) He answered and said, ‘It is written, Man shall not live by bread alone, but by every word that proceeds out of the mouth of God.’ Then the devil took Him up into the holy city, and set Him on a pinnacle of the temple, And said unto Him, ‘If You be the Son of God, cast Yourself down: for it is written, “He shall give His angels charge concerning You: and in their hands they shall bear You up, lest at any time You dash thy foot

page ix

against a stone.” Jesus said unto him, ‘It is written again, “You shalt not tempt the Lord your God.”’ Again, the devil took Him up into an exceeding high mountain, and showed Him all the kingdoms of the world, and the glory of them; And said unto Him, ‘All these things will I give You, if You wilt fall down and worship me.(Satan is a known liar!)’ Then said Jesus unto him, ‘Get you hence, Satan: for it is written, “you shall worship the Lord your God, and Him only shall you serve.”’ ... Don’t live for the flesh, know and obey the Bible; Don’t tempt God, don’t seek glory, seek to serve others; you shall worship the Lord your God, and Him only shall you serve.” Not your party, not those who are in charge that could ruin or help your political future (makes it hard when power comes from majority rule, but God is a bigger and more important Power - - don’t worry if politics ruin you - - there is life after Washington especially with God!!! )

**There is forgiveness and no condemning! Check it out!**

When elected I will ask Mike Pence to be my Vice President. Anyone who stands up for the Constitution under considerable heat is my kind of guy! I have also seen him in the background helping Samaritan's Purse helping others. I believe Mike Pence has a lot left to offer America. And he would have great joy in doing such. And he would be a great help to me and the nation. I would have one question for Mike before offering him the job, Can he say to every American: "You cannot make me hate you!" How great it would be for Mike and I to love 350 million Americans and pray for them every morning!

While teaching I was the Education Association's building rep for grievances. A human relations job. The Education Association started a program of flooding the administrators with grievances. I spoke to the leadership of the Association to no avail about human relations and then resigned my building grievance job. I got into many battles to try and solve problems. Human relations work. I'm surprised I did not get fired! I once was

told that I would do so and so or be relieved of my duties. Poor way to solve problems. Poor human relations. I did not get fired. I worked in one of the largest school systems in the nation. One year they destroyed half of the program subject that I taught I called all of our subject teachers together and ask them to make me president – how brazen of me. They did and after a two year battle we got our program back! Had to do a lot of people work: getting people together to solve a problem: teachers, school board members, politicians, press, speaking at public meetings with audience signs. Psalm 23 says “My cup overflows” mine does and some of those on the other side of the table willing filled my cup! Greatest and most favorite accomplish is my wife Sarah of 61 years May 1, 2026!!!

I do not drink, smoke, vape, do drugs, cuss, or tell vulgar or dirty jokes. I do not make obscene jesters or shout bad things if I get cut off in traffic. I do not mind being the only person that thinks like me. I have been that way many times. God is great! In college in the frat we guys went out for a beer. I ordered strawberry milkshake. A member of the frat (now deceased) later got up in front of the frat and made a speech against drinking strawberry milkshake in a beer glass! At the time I was living around extreme alcoholism. I forgave him in my mind. God and prayer helped the extreme alcoholism which became a major help for alcoholics in the state of Virginia for over 20 years! I was elected Man Of The Year by the men students in the college!

**GOAL = Ps 71:18 Now also when I am old and greyheaded,**  
**O God, forsake me not; until I have showed Your strength unto**  
**this generation, and Your power to every one that is to come.**  
**Specifically:**

- 1. I like people! God loves us all -- I mean all of us!!!**
- 2. I would like to strengthen religion in America. Healing: let's make Satan the devil unwelcome in the United States!!! See [danielhookemusic.com](http://danielhookemusic.com), Documents link, “ALZHEIMER’S BULLETIN” and “Alzheimer’s, Dementia, And Similar Has No Cure, Says Who?” (May require some understanding of Biblical Christianity.) I don’t agree with everyone, but I still love you and pray for you; and I may be concerned about your eternal destiny!**

**Are you concerned about my eternal destiny? Could we talk? See the same website Documents link, for documents on the authority of the Bible. I believe that the risen (among other things) Jesus Christ is the world's greatest authority; He endorses the Bible; so thus I believe the guidance from the Bible. Can you match that? I don't condemn anyone! Could we talk?**

**Our founders of this nation the world's greatest were Christians but not perfect. Some on their own did things government did not do. Government greatly improved by Lincoln with malice toward none. Greatly improved by Martin Luther King with I have a dream. I am working as a Christian also LIKE OUR FOUNDERS. We must remember that it was Christianity brought to our shores that gave us America! We need to learn what it is about before we lose it. And lose America! For those currently not Christians I hope they wish to join the work that Christians are doing meanwhile presenting what God has given them through the brain God created in them that would likely mutually work. God rains on the just and unjust or to put it politically God rains on people who think like I do and rains on people who do not think like I do. This type of thinking can also help restore us from AMERICA IS A political MESS! WE NEED A COOLING OFF PERIOD to be ONE NATION UNDER GOD!!!**

- **An invitation to the leaders of the branches of the United States Government (let's continue a look at what I examined)**

**First Lady Sarah and I President Daniel would like to invite the leaders of the USA government to the White House each Wednesday 11:00 A.M. for lunch. Those invited would be: Senate Majority Leader, Senate Minority Leader, Speaker of the house, House Minority Leader, and**

Chief Justice of the United States. Then after lunch we would take a photo op arm in arm or hand in hand with a sign saying ONE NATION UNDER GOD to encourage the country and to make the country feel unified!

➤ A Request to political Washington (maybe work for somebody?)

I am running for President of the United States as an elder America on Tuesday, November 7, 2028. When the Congress finalizes the election in January, 2029 I would like the States to concede the Presidential Election to me. YOU W-H-A-T ??????? ?!!!!!! .....

YOU W-H-A-T ?????????

I humbly ask you to hear me out.

I have no ax to grind. I have no campaign fund or big donors no PACs. I am a retired school teacher and not dripping with money. At the present moment I have an old laptop, a cel phone, both with Bibles in them, and a printer. I recently had 2 heart operations. Doing fine for an expected long life thanks! But not even allowed to drive a car yet. I will be in heaven in 35 years max according to the Bible because I accepted the fact that Jesus Christ died for my sins on the cross which is something that I cannot do! Actually my name will not or may not be typed on the ballot! But I AM running and I INTEND TO WIN!! You probably heard the statement when Jesus was born that “with God nothing is impossible!” I am older than you and have seen things like that happen. ... I am old but my mind is very sharp as you can see from this letter and some of my publications on the web. I understand that many of you have just participated finishing a reading aloud of the whole Bible. Great! As a Bible layman scholar using Bible tools I just finished going through the whole Bible myself looking for healing. I learned a lot especially about Satan and Jesus Christ Who heals multitudes. ... AMERICA IS A political MESS! WE NEED A COOLING OFF PERIOD to be ONE NATION UNDER GOD again. People are sick of Washington meaning politicians. Just heard a report that MOST Americans do not care for either major party! I just heard a lady say she is going to change her affiliation to Independent because she did not want to be associated with either party! The Bible says that the world is getting worse and worse. The terrible Tribulation is getting nearer and nearer!

**But there is hope! I suggest giving politicians a break from elections with all of the bad things that elections have become and taking time to pray and reflect and get themselves back together! That's why I suggested conceding the election to me. Please, let me explain. Give a few moments of your time to help. I am not a nut or a fruitcake! God made me a creative, praying thinker. If you do not like what I say, I will beat you the old fashion way as you will read how! (Unless of course Americans do not want to hear what I say. Then the Bible way is to shake the dust off your shoes and move on to help others. But people have called my music something like fantastic and people in higher education of religion have said, "That was helpful, that was helpful.) ... In the reading out loud of the whole Bible you all gave the President the Scripture about how a nation can get back to what it should be. "If My people, who are called by My name, will humble themselves and pray and seek My face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land." That might be hard to do in our form of government where religion is not required as a freedom. George Washington believed that religion is required of us but cannot be required of our form of government. So my next thought was would part of the people do what God wants be sufficient? Well in fact one place in the Bible has God doing something in a nation with 7,000 having God's will. Politicians have a bad name now but other groups are also signaled out like judges and watchmen. It wouldn't hurt if we all humbled ourselves and take a look at ourselves. ... I have a lot more to say later in **The Solomon Project** An American Revival And A Slingshot A Personal Look At American Democracy mentioned elsewhere in this document you are reading. ...**

[intentionally blank]

**Have you heard of little David and the slingshot and the giant Goliath? I know how to use a little David slingshot. I have done the same politically in small ways in human relations. I have a lot more to say later in The Solomon Project An American Revival And A Slingshot A Personal Look At American Democracy mentioned elsewhere in this document you are reading. Remember that the slingshot is Sunday School Of America now. Goliath is the Federal government and politics.**

If the States conceded the election to me to give politics a chance to examine how they are acting and find improvements then I would give up veto power but nothing else and use the bully pulpit. Congress would give me and my advisors time to read any legislation equal to 4 times the speed of telephone speech (if a page was 3 minutes then I would get 12 minutes in 8-4 workday with 1 hour for lunch). I would also need to be kept abreast of legislation and make comments as it develops on behalf of the American people. And course I would need to be able to speak out in the bully pulpit. But I would have no veto but retain other political power. If I felt that this plan was not working effective enough for our people, I would consider resigning and letting the Vice President take over with full veto powers. Queen Elizabeth of England was very effective and respected with this type of arrangement. I could be impeached, etc. I would have NO veto political power – I would concede veto power! My power would come from such things as loving the American people! I thank you for even taking time to reading and considering this proposal and the document you are reading. **WE NEED A COOLING OFF PERIOD! AMERICA IS A political MESS!** and I am here to help. (option off the table for me)

### **[Election Funding]**

To run for President in most states costs nothing. You run as a write-in vote. This has happened in high positions but not elections in as complex as the electoral college. A very few States do not have write-in voting. They would have to be done another way. Congress cannot ignore the choice of the voters in each state when they certify the election. Congress has no ability to concede the election to someone else. But the voters in a State could! Because this process would still let the voters be heard! However you can get your name on the ballot by a very expensive process of getting signatures to do so. A poor  
Page 12

person has basically no chance to be President! ... A state could concede the election if the voters get their legislature to forgo the election to support a certain person and send that to Congress when Congress certifies the election. The people will still be heard. A poor person could do this by sending a letter to the leadership of each state to do this and stir up voters to pass legislation to use this process. They could get Congress to do so also. ... How can there be enough voters to sway the state legislature? I have a mathematic way to possibly do so. The candidate sends Page 1 and their say, etc. to their Christmas card list or similar of 20 or more with the wish. These people get hopefully get 3 of those people to do the same etc. in a week. If the public develops active interest in the candidate the crowd will mathematically exponentially get very large. Will require something special! But the cost would be low! Some stamps for the legislature leaders or more and stamps for Christmas card list. (Do this for SSOA now.) The voters would need to be very active even more. The few non-write-in states will need the old method which costs money to do. I am a politically poor person with God's help. ... States concede the election and Congress gets a Queen Elizabeth no veto Executive. Or would you still like present day bad political parties and same for the federal government.

Also, if the States 270 electoral votes would concede the next Presidential election now, the nation would not have to suffer another nasty, lying, cheating, truth twisted Presidential election with political candidates trying to destroy each other personally instead of like respectful ladies and gentlemen discussing ideas for a better America. I have heard it said that Abraham Lincoln and his opposition candidate traveled together in their Presidential campaign! People running for office would not need to waste a lot of money running a campaign. If you would get the States to concede the election to me a Queen Elizabeth type administrator, then I would concede veto power to you the Congress! Give the country a welcome break and relief as the political world gets time to get itself back together as ladies and gentlemen in ONE NATION UNER GOD!

The Congress needs to make the first step - - soon if you like it. What do you say? Want to have some fun and excitement? I am ready if you are! Let's seek God's help. He would like nothing better than One Nation Under God! Get your little David political slingshot. I know how to use a little David slingshot! I have gathered five smooth political stones. Saul let unarmed David take on the heavily armed giant Goliath and kill Goliath and cut his head off! Will you youngsters let an old man country boy take on our problem political parties and federal government? Those are the giant and Sunday School Of America is the slingshot. I need the help of Congress first. Thanks for your help!!!!!!!

I would like you to consider one other thing if you have interest in this plan. I am fearful. I know of other great Presidential candidates have not run for fear of being killed - - they or their wife! If you have interest in this plan, I would like security protection now. People are being shot at and people are being killed because of the temperament of the nation right now that we have let develop right now. Two Presidents have been shot at and hit in my lifetime. A major part of the Congress have been shot at a ball practice hitting one political leader. Threats are regular for Supreme Court and Conges. Satan using power and money can create all kinds of evil. Satan did not even mind to take on Jesus Christ similarly. American people trying to make civilization changes with malice toward none or with a great dream Satan easily found some evil person to kill them! The gangster method is sometimes used - - they do not kill you, they kill your child! I have no children but do have a wife and extended family. We all need to watch our mouth!

Congress will have to decide if they want a no veto Queen Elizabeth Executive branch. Then help each State get the voters to pass to concede the election for time for the political parties and Federal branch to get their lives back together so that we can get back our ONE NATION UNDER GOD! Thanks for your consideration!

**God Bless America meaning God Bless YOU! Humble yourself. Pray. Seek God's face. Turn from any wicked ways you may have. Forgive! No more nasty elections! Resist Satan and he will flee from us. God is not deaf! He wants to hear us! He hears from heaven! His arm is not shortened! He keeps our prayers in bowls! He loves to forgive our sin and heal any nation! And be with us! And then we can restore and keep America – One Nation Under God!!!**

**I have no campaign budget at this time. This is a no budget campaign. You can do what you want to do with as many copies of the first page. Spread it everywhere! Since we are not spending money to be elected, spend some money or time is a requirement for this campaign as Jesus did in His campaigns! Give to Samaritan's Purse, widows, poor needy, orphans, orphans because of non-functioning fathers, sojourners, foreigners, relatives, immigrants, strangers could be angels, your enemies, hungry, thirsty, naked, sick, in prison --- Jesus said you may be doing it to Me! Matthew 25. You are laying up treasures in heaven. You may sometime be in one of these categories! Give some to all and church. In some cases you may be able to deduct from the government for taxes. Wouldn't it be wonderful if people gave so much that the government had to reduce its budget for lack of funds because of giving deducted from taxes! God bless you! God is aware of what you do. Americans have a reputation for being a generous people! ... You need to do the letter campaigning with Page 1 mentioned in the document. We need lots of people voting. Schedule your date to vote! Get people organized in every state. Just send a letter to some commercial establishment in another state to get known what we are doing. Ask anyone running for office to support us! Got to be involved with state and federal politicians for our plan to work!!! Get all politicians and you to teach a Sunay School Of America class. School Board members are also politicians. I am offering the Congress a "Sunday School Of America" program also by reading themselves! Come join us! (If leading a class, SSOA is not sponsoring your class. You are legally responsible for it.)**

**Page 15**

Something you and I need to know in these troubled times:  
“Wait on the Lord: be of good courage, and He shall strengthen your heart: wait, I say, on the Lord.” ... “But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint.” ... “Rejoice in the Lord always: and again I say, Rejoice. Let your moderation be known unto all men. The Lord is at hand. Be careful for nothing; but in every thing by prayer and supplication (ask in humble prayer willing to obey) with thanksgiving let your requests be made known unto God. And the peace of God, which passes all understanding, shall keep your hearts and minds through Christ Jesus.”

God Bless America meaning God Bless YOU! Humble yourself. Pray. Seek God’s face. Turn from any wicked ways you may have. Forgive! No more nasty elections! Resist Satan and he will flee from us. God is not deaf! He wants to hear us! He hears from heaven! His arm is not shortened! He keeps our prayers in bowls! He loves to forgive our sin and heal any nation! And be with us! And then we can restore and keep America – One Nation Under God!!!

With love, SSOA President Daniel and SSOA First Lady Sarah

#### POST NOTES:

Punishment in politics and federal government style let’s talk about. At the last Presidential election the Federal government picked on one of the candidates it looked like to me that was unfair. ... And politics now has two types of punishments: (1) punishing someone because of breaking a law or breaking a Congress rule if convicted (hopefully fair) (2) punishment because of their opinion. A candidate can be tried to be run out of office by a leader to fearfully send a message to stay in the ranks for them or anybody else regardless of their opinion. No earthly leader must not forget that they should not punish an opinion of God made brains and waste those brains. Earthly leaders need to remember that there is a higher led leader called God. God does not decide cases by majority rule. We need a man to campaign that is in our midst who

Page 16

has done many things for the unfortunates in our midst. Who has helped many, many who Jesus said that when you did it unto them, you did it unto Me. This man would listen to all and then form an opinion with God. This man would fear no one except God and that is a loving fear! Who has made costly stands for the Constitution. Who has backbone and compassion. Who might run as an independent and runs for President. Also, the worst opinion punishment in a civilization happens when the punished opinion is the citizen's opinion that Jesus Christ is real and follows. In not very far back in Russia the authorities entered a church and grabbed the pastor, took him outside, put him up against the fence and shot him dead! More recently an American missionary was in a group of Christians in Russia and the secretary of the Russian leader was in the group.

Satan and demons have a certain belief in the Bible and Satan particularly tries to use it to mislead the world. They did not "use" the religion. George Washington saw the need for "real" religion when facing the world's greatest army and your men had frostbite feet.

A time is coming when Jesus will take all Christians out of the world much like He left the world at the ascension. After that Satan's antichrist will make the world very, very much the worst it has ever been. There will be things around to help many to decide that these things about Jesus really are true and follow! Then the antichrist will have them killed, martyred! In a few years Jesus Christ will return to earth and set the world straight. Then the 1,000 years Millennium of peace will happen. Followed by a few things. Then the new heaven and new earth. Followed by the eternal state forever with God and Jesus Christ in unbounded happiness and joy!!!!!! I hope I and my wife get to see you there!

American politicians are falling for the same things that Satan tried to tempt Jesus with: glory and power. George Washington did not fall for it either. Washington wrote a book on "*The Rules of Civility and Decent Behaviour*". *There was nothing in there about nasty politics. Washington loved America!* At dances at Gadsby's he would dance hours without taking a seat. He was glad when Congress different sides would find peace by I will do this for you if you do that for me. He did not think being President was such a big deal. George was glad to turn  
Page 17

**the country over to John Adams for president. After the war the locals around his home Mt. Vernon did not call him Mr. President - - they called him General. My wife and I taught school as Band Directors for 30 years on the property of George's home Mt. Vernon. We played many times as costumed on historical musicians on the lawn of Mt. Vernon. We played many times at one of Washington's five farms in the front room and the Ball Room. Working there with our admiration of George Washington you almost felt the spirit of George Washington there. Washington was a tender hearted man. When one of the daughters of his wife died, he was extremely heart broken! George was a humble man and a man of prayer! We should follow his example! As we celebrate 250 years of America we should also celebrate George Washington!**

“Politics Civility Revival Pledge”

## Two Musicians Give Birthday Party For America 250<sup>th</sup>!

LET’S GIVE AMERICA A POLITICAL RIVIVAL FOR A BIRTHDAY GIFT

We are troubled by the state of politics in our America in our present age. AMERICA IS A political MESS! But we have a way to work on the problem. We will be offering a look at what came to our shores to give us America; COLONIAL BIBLICAL CHRISTIANITY!!! And later the Constitution!!! Sunday School Of America is a religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as a scholarly researcher of Colonial religion and civility civics and the Bible – all 3. For starters, parts of two Documents we offer are “Politics Civility Revival Pledge” and “Daniel for Prez ~~Will win even if not elected!~~” See danielhookemusic.com Documents link. This second document has turned into Sunday School Of America (SSOA). For the three branches of Washington we need mailing lists, printing, and mailing. We have been married 61 years! And have seen a lot of life. Currently recovering from some medical issues. Not dripping with money. We need your leg help your financial help and prayers! for such a project and further and new communications and personal reasons with the main reason being politics, civility, civics, and revival of the colonial imperfect people who gave us the framework for the greatest nation ever on earth! Through Biblical Christianity and the Constitution! Let’s give America A “HAPPY 250<sup>TH</sup> Birthday America!” and many more!

We will try to get politicians to sign “Politics Civility Revival Pledge” and hopefully get them to get other politicians to sign the pledge to make life easier for them all! Those who sign will not participate in questionable practices is what they signed! Next, we encourage politicians to read “Daniel for Prez ~~Will win even if not elected!~~” (which has turned into Sunday School Of America (SSOA)) religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as a scholarly researcher of Colonial religion and civility civics and the Bible – all 3.

Do some giving to those less fortunate that's the way Jesus organized campaigns.

### **“Politics Civility Revival Pledge”**

For American citizens to use to collect and make public to see if all seeking elected office by primary, being the final candidate, or being the elected candidate, party chairpersons to be pledged to the public. Will those persons PLEDGE to be in the spirit of our first President George Washington, the Father of Our Country, who wrote *“The Rules of Civility and Decent Behaviour in Company and Conversation”* instead of the politics practice at the end of our 250<sup>th</sup> Birthday of America. It is time for a civility revival as we start the new year turning back to our ONE NATION UNDER GOD that we have lost in many cases. May we do this with any needed forgiveness that God who forgives us and expects of us and with any unnecessary condemning as God wants to give us! May we start the new year with a new slate and no hate for anyone and love for all Americans regardless of whatever and remember concretely those Americans who are in unfortunate situations! GOD BLESS US ALL! That's what He wants! So why shouldn't we also? I have learned to live Abraham Lincoln's “malice toward none”! I was born and raised Martin Luther King's Dream” before it happened. I know that it is possible if all side hold hands. If there are those who do not want to hold hands, shake the dust off your shoes as a witness against them and go somewhere where people hold hands and help the less fortunate. I have spent most of my life on the property of George Washington and learned of his greatness, Civility, and Decent Behaviour that the American political world does not seem to understand. People dead and alive, with blood, sweat, tears, hard work, backbone, and compassion and understand of love of God for all have given us the greatest land on earth that God has given any people! As an old man politics are not like it was when I was a young man. We can do better! Come join me for a meaningful HAPPY 250<sup>TH</sup> BIRTHDAY AMERICA! That means you my brother and sister American.

Use the “Politics Civility Revival Pledge” to challenge all local, state, and national politicians. AMERICAN POLITICS NEEDS TO CHANGE!!! We have some great politicians with backbone and compassion and understand the love of God for us all. But others need to face the “Politics Civility Revival Pledge”. The background for this pledge I have been given over the years and soon, God willing, to come out in book  
Page 20

form later this year. I at my age money has become a problem. I plan to help my money problem by publishing my website items. I given all my website free to all but now I need to charge but hopefully not for those having a rough time. The book is just about finished and I plan to get Christian Faith Publishing to publish it. The book will be called "Daniel for Prez ~~Will win even if not elected!~~" They are publishing my first book this fall: "A Quick Look At Biblical Christianity." Actually "Daniel for Prez ~~Will win even if not elected!~~" Is about Sunday School Of America and its analysis revival origins from Daniel Hooke President and Sarah Hooke First Lady married 61 years! God Bless Us All!

**DIRECTIONS:** Give to all politicians including school board members as described in the preceding. Ask for a response of a signed pledge or no pledge within 10 days. Spread the response news in all manners possible. Get 20+ to do the same that you just did and ask them to get 20+ who will do the same, etc. etc.! A copy of this pledge form of nine pages can be found on website [danielhookemusic.com](http://danielhookemusic.com) on the Documents link. Staple pages together. You have permission to make good copies of these nine pages to distribute anywhere in the USA. Must copy and connect all pages without changes! Thanks! God Bless! Hopefully you will soon be able to get these pages soon from Christian Faith Publishing in a nice pretty book. Return your pledge to sender.

**Politician,** Here is the Pledge for your Pledge. Thanks and Best Wishes!

- No caning,
- I understand that Abe Lincoln and the person he was running against both traveled together to debates!
- As a retired school teacher pledge author knows that the name is the person! Cute twists of a persons name affects the person, friends, acquainted people, and other ladies and gentlemen. Why would you want to affect so many people negatively? I pledge to not do this practice.
- I will not participate in duels. They look like murder to the pledge author.
- Will seek forgiveness! Apologize! Sincerely! If needed. Send flowers is nice. Accept forgiving graciously.

- **Let's say it again be forgiving if necessary. Wouldn't you want the same? With American politics being a mess right now forgiving may be needed to have any kind of decent human relations. Scriptures say we need to forgive to be forgiven. In all your relationships be forgiving! Scriptures put the biggest weight in human relations on married men. So men need to be forgiving in the home. Ephesians 5:25-29 "Husbands, love your wives, even as Christ also loved the Church, and gave Himself for it; That He might sanctify and cleanse it with the washing of water by the Word, That He might present it to Himself a glorious church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish. So ought men to love their wives as their own bodies. He that loves his wife loves himself. For no man ever yet hated his own flesh; but nourishes and cherishes it, even as the Lord the Church" This involves to be forgiving to be forgiven. You may need to seek for it. As a husband of 61 years, can you say, "I'm sorry, forgive me." David was the worst husband in the Bible having affairs even producing babies that he tried to cover up even with murder. But God was watching. God was watching. When David was trapped he was crushed and heart-brokenly and had to say more than I'm sorry forgive me. He wrote the greatest Psalm of repentance leading to a new life in the Bible: Psalm 51. Christ died for our sins and believers can get forgiveness. But when we die and the angels take us to heaven, at the judgement of Jesus our lack of forgiveness and other sins are wiped out of history with fire as He finishes up the sanctifying and cleansing it with the washing of water by the Word as we emotionally burn inside seeing ourselves as God does. There cannot be any unholiness in the presence of a holy God. And rewards of treasures in heaven are passed out. GET FORGIVENESS WORKED OUT NOW NOT AT THE JUDGEMENT DAY OF JESUS! God is watching. God is watching. Jesus is watching. Jesus is watching.**

**This reminds me of a preacher story I put at the beginning of “The Solomon Project” document. A certain robber was robbing a house and a parrot suddenly said, “Jesus is watching you.” The robber shrugged it off and continued his robbery. The parrot said again, “Jesus is watching you.” The robber began to get upset thinking that maybe he needed a vacation or something and he blurted out to the parrot, “What’s your name?” The parrot said, “Moses”. The robber was getting disturbed and hollered out, “MOSES? What kind of people would name a parrot “Moses?”” The Parrot said, “The same kind of people that would name a Doberman Pinscher ‘Jesus’”. Psalm 51.**

- **No mud slinging! Mud slinging is for animals! Ask forgiveness.**
- **No personal attacks on another person. Both of you were made by and loved by the same God. I will just present civil discussion of various points on matters important to America.**
- **Attacks on other persons are like feathers thrown to the wind. You can’t gather them all up a week later when you realize your mistake!**
- **Thank others for their points of view for consideration. Take time to understand their points. You might learn something.**
- **I will consider the following: “You have heard that it has been said, ‘You shall love your neighbour, and hate your enemy.’ But I say to you, ‘Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you; That you may be the children of your Father which is in heaven: for He makes His sun to rise on the evil and on the good, and sends rain on the just and on the unjust. For if you love them which love you, what reward have you? Do not even the publicans the same? {That’s “publican” not “republican”.} And if you salute your brethren only, what do you more than others? Do not even the publicans so? You be therefore perfect, even as your Father which is in heaven is perfect.”**
- **WATCH YOUR MOUTH!**
- **I realize that Ronald Regan and his gentleman opponent both laughed at and enjoyed Regan’s jokes.**

- **Shake hands or bump fists beginning and end of conversation.**
- **Consider taking each other opponent out to lunch and spouses. Ask about family, parents, grandchildren, interests, etc.**
- **I will make no plans to politically punish anyone. I may use my or other people's endorsements to help my desired outcomes about an election. I will not use endorsements questionably. I will not desire to be someone's pawn in an endorsement to even that person's political or otherwise score. If that is the reason I won an election, I would refuse the win and not have that hanging around my neck until death that I won an election on someone else's strength of that nature rather than my strength. To get a score settled it is better for that type of score to use forgiveness. But partys do use voting records and opinions. Endorsements are used to help or punish people for their opinions and voting records - - Not good human relations but a part of desired outcomes. But loses party brain power and can lose party legislature power. The colonials never solved this problem even though there were two partys then. George Washington was glad when they said you do this for me and I'll do that for you. Permit the pledge author to continue digressing. I have some experience in designing governments and leading people. I wrote a Men's Student Government Constitution in college and passed by the faculty without changes. It looks to me like party systems have an inherent King George III problem without a Revolutionary War to fix things resulting in lose of good human relations from King George. What the primary system needs is a good olde American United States fix! A political party needs three divisions like our original Constitution designed: a Supreme Court of nine! wise and understanding, a two party Legislature with guts!, and an Executive President benevolent leadership like the great Queen Elizabeth with veto power but No executive privileges without Legislature approval. The partys currently can now be run by a King George without An American Revolution unless they are run by a benevolent King George like the great Queen Elizabeth of our time. Think about it. The great Virginia colony met at Bruton Parish Church and prayed about it. The result was good! Does either party have the guts to pray about and try it? The colonial Virginians leaders left Williamsburg Virginia and went to**

- Richmond Virginia to escape death and there Patrick Henry made the famous speech bravely that started the American Revolution War for our benefit: "Give me liberty or give me death!" So today we do not have to face a King George except by choice. These were courageous men most with Colonial religion! The slogan of One Nation Under God needs to be more than words! Psalm 51**
- **Let the nation not have to suffer another nasty, lying, cheating, truth twisted half truth twisted even more election with political candidates trying to destroy each other personally instead of like respectful ladies and gentlemen discussing ideas for a better America. Also put your Pledge on your website to show all you!**
  - **The colonials realized that religion is a personal matter in a free country but it is very important if correctly used! George Washington made that point very clear! Share religious ideas at the appropriate time.**
  - **Regardless of your religion, I recognize that the pledge author researcher believes these things: You cannot make me hate you; only I can make me hate you and I do not chose to do so. The Colonial religion that gave us America: their Bible has only one sin that cannot be forgiven so for whatever you have done you have great hope no matter what you have done if your can sign this pledge and plan to change. The Colonial religion that gave us America: their Bible states - - "For God sent not his Son into the world to condemn the world; but that the world through Him might be saved."**
  - **I will have a very civil day and enjoy other people in America!**

**POLITICIANS! How do we cover them all with our ideas of civility civics which involves religious revival? There are thousands of politicians in our America with different desires! At the national level = 2 in the executive level; 100 Senate level; 435 at the House level; 9 at the Supreme Court level; 2 major party leaders. At the state level = 1 governor; similar numbers of national senate and house with some only having 1 legislation chamber; 436 judges states highest courts level including 2 highest criminal courts; 2 major party leaders. At the local level Britannica lists a multitude of significant cities, towns, and the like which we can find out their personnel by looking at the official website of the town plus locality 2 major party leaders there. How do we reach all of these our brothers and sisters Americans who have different ideas and practices than regarding civility civics religious revival than us? Can we change a nation? We know Who is in charge! God does not have to maintain us a world nation! "He increases the nations, and destroys them: He enlarges the nations, and straitens them again." "Daniel (not me Daniel) answered and said, 'Blessed be the name of God for ever and ever: for wisdom and might are His: And He changes the times and the seasons: He remove kings, and sets up kings: He gives wisdom unto the wise, and knowledge to them that know understanding:'" I like to think of little David and the five smooth stones and a slingshot. I can use a slingshot and I know how powerful it is. The stone that David slew at Goliath went through his helmet and sunk into his head. Then David took Goliath's big sword and cut his head off! Those of us who think that American politics is a mess need to carefully realize that our brothers and sisters on the other side are very powerful!! Israel had a fight with their brother Benjamin who was in the wrong. And the children of Benjamin were numbered at that time out of the cities twenty and six thousand men that drew sword, beside the inhabitants of Gibeah, which were numbered seven hundred chosen men. Among all this people there were seven hundred chosen men lefthanded; every one could sling stones at an hair breadth, and not miss! Israel consulted with God but still big losing battles ahead before wining! We may not need to change a whole nation - - In one of the books of Kings God had only 7,000 to do what He needed to do! Can we get 7,000 out of a nation of 350 million? Will that be enough?**

**How do we efficiently do this process? Get some friends and each do a few mailings names keeping records. Then each do a few more etc. until you have a whole body covered like congress or even a whole level like national. This what you send: Page 1 (cover) of "Daniel for Prez ~~Will win even if not elected!~~", a color printed copy of "Politics Civility Revival Pledge" (need less paper and stamps if Pledge printed on both sides of paper), Your nice comments on a separate sheet if desired. Do not mention names! Use first class stamps. Staple sheets of Pledge in upper left hand corner. Making 2 items plus your comments letter. ... Do this for the 10 mailings and 20+ mailings mentioned in all documents earlier. ... Then download these 2 items for two attachments and send to everybody in your email address book and send with cover letter as needed. People in Congress want their email be for their people use only. ... Give a set of these two things to each preacher you**

know for word of mouth distribution. Some people do not like politics in worship services, etc. ... Give a set to your elected or running officials local, state, and national. Some people may get multiple copies. Fine. ... In 2 weeks note any responses and make known when appropriate. ... Involve people that may want to know about these things. ... At the state level here at first only do Governor and both party leaders of each house. In your cover letter encourage these people to present the process and document names and source. Don't forget party chairpersons at each level. ... Keep records and we will have coverage. ... If you want to get in deeper, do all members of state politicians and/or do some local level politicians. ... The process is in your capable hands. I do not plan to oversee the process. ... You may be able to support the funding you do. If you do a lot, investigate crowdfunding to support your efforts. My look at crowdfunding has had shortcomings but it is a good idea. Thanks for America! and God Bless!

So what do we do? Pray! I am humbly suggesting that two documents and other documents may help. Do you want to help? Do want to be one of the 7,000? Come join us!
