“Politics Civility Revival Pledge”

Two Musicians Give Birthday Party For America 250th!

LET’S GIVE AMERICA A POLITICAL RIVIVAL FOR A BIRTHDAY GIFT

We are troubled by the state of politics in our America in our present age. AMERICA IS A political MESS! But we have a way to work on the problem. We will be offering a look at what came to our shores to give us America; COLONIAL BIBLICAL CHRISTIANITY!!! And later the Constitution!!! Sunday School Of America is a religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as a scholarly researcher of Colonial religion and civility civics and the Bible – all 3. For starters, parts of two Documents we offer are “Politics Civility Revival Pledge” and “Daniel for Prez ~~Will win even if not elected!~~” See danielhookemusic.com Documents link. This second document has turned into Sunday School Of America (SSOA). For the three branches of Washington we need mailing lists, printing, and mailing. We have been married 61 years! And have seen a lot of life. Currently recovering from some medical issues. Not dripping with money. We need your leg help your financial help and prayers! for such a project and further and new communications and personal reasons with the main reason being politics, civility, civics, and revival of the colonial imperfect people who gave us the framework for the greatest nation ever on earth! Through Biblical Christianity and the Constitution! Let’s give America A “HAPPY 250TH Birthday America!” and many more!

We will try to get politicians to sign “Politics Civility Revival Pledge” and hopefully get them to get other politicians to sign the pledge to make life easier for them all! Those who sign will not participate in questionable practices is what they signed! Next, we encourage politicians to read “Daniel for Prez ~~Will win even if not elected!~~” (which has turned into Sunday School Of America (SSOA)) religious civics civility class by Daniel Gary Hooke examining his opinions about America and religion as

a scholarly researcher of Colonial religion and civility civics and the Bible – all 3.
Do some giving to those less fortunate that's the way Jesus organized campaigns.

“Politics Civility Revival Pledge”

For American citizens to use to collect and make public to see if all seeking elected office by primary, being the final candidate, or being the elected candidate, party chairpersons to be pledged to the public. Will those persons PLEDGE to be in the spirit of our first President George Washington, the Father of Our Country, who wrote “*The Rules of Civility and Decent Behaviour in Company and Conversation*” instead of the politics practice at the end of our 250th Birthday of America. It is time for a civility revival as we start the new year turning back to our ONE NATION UNDER GOD that we have lost in many cases. May we do this with any needed forgiveness that God who forgives us and expects of us and with any unnecessary condemning as God wants to give us! May we start the new year with a new slate and no hate for anyone and love for all Americans regardless of whatever and remember concretely those Americans who are in unfortunate situations! GOD BLESS US ALL! That's what He wants! So why shouldn't we also? I have learned to live Abraham Lincoln's “malice toward none”! I was born and raised Martin Luther King's Dream” before it happened. I know that it is possible if all side hold hands. If there are those who do not want to hold hands, shake the dust off your shoes as a witness against them and go somewhere where people hold hands and help the less fortunate. I have spent most of my life on the property of George Washington and learned of his greatness, Civility, and Decent Behaviour that the American political world does not seem to understand. People dead and alive, with blood, sweat, tears, hard work, backbone, and compassion and understand of love of God for all have given us the greatest land on earth that God has given any people! As an old man politics are not like it was when I was a young man. We can do better! Come join me for a meaningful HAPPY 250TH BIRTHDAY AMERICA! That means you my brother and sister American.

Use the “Politics Civility Revival Pledge” to challenge all local, state, and national politicians. AMERICAN POLITICS NEEDS TO CHANGE!!!
We have some great politicians with backbone and compassion and understand the love of God for us all. But others need to face the

“Politics Civility Revival Pledge”. The background for this pledge I have been given over the years and soon, God willing, to come out in book form later this year. I at my age money has become a problem. I plan to help my money problem by publishing my website items. I given all my website free to all but now I need to charge but hopefully not for those having a rough time. The book is just about finished and I plan to get Christian Faith Publishing to publish it. The book will be called **“Daniel for Prez ~~Will win even if not elected!~~”** They are publishing my first book this fall: **“A Quick Look At Biblical Christianity.”** Actually **“Daniel for Prez ~~Will win even if not elected!~~”** Is about Sunday School Of America and its analysis revival origins from Daniel Hooke President and Sarah Hooke First Lady married 61 years! **God Bless Us All!**

A copy of this pledge form of nine pages can be found on website danielhookemusic.com on the Documents link. Staple pages together. You have permission to make good copies of these nine pages to distribute anywhere in the USA. Must copy and connect all pages without changes! Thanks! God Bless! Hopefully you will soon be able to get these pages soon from Christian Faith Publishing in a nice pretty book. **Return your pledge to sender.**

Politician, Here is the Pledge for your Pledge. Thanks and Best Wishes!

- No caning,
- I understand that Abe Lincoln and the person he was running against both traveled together to debates!
- As a retired school teacher pledge author knows that the name is the person! Cute twists of a persons name affects the person, friends, acquainted people, and other ladies and gentlemen. Why would you want to affect so many people negatively? I pledge to not do this practice.
- I will not participate in duels. They look like murder to the pledge author.
- will seek forgiveness! Apologize! Sincerely! If needed. Send flowers is nice. Accept forgiving graciously.

- **Let's say it again be forgiving if necessary. Wouldn't you want the same? With American politics being a mess right now forgiving may be needed to have any kind of decent human relations. Scriptures say we need to forgive to be forgiven. In all your relationships be forgiving! Scriptures put the biggest weight in human relations on married men. So men need to be forgiving in the home. Ephesians 5:25-29 "Husbands, love your wives, even as Christ also loved the Church, and gave Himself for it; That He might sanctify and cleanse it with the washing of water by the Word, That He might present it to Himself a glorious church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish. So ought men to love their wives as their own bodies. He that loves his wife loves himself. For no man ever yet hated his own flesh; but nourishes and cherishes it, even as the Lord the Church" This involves to be forgiving to be forgiven. You may need to seek for it. As a husband of 61 years, can you say, "I'm sorry, forgive me." David was the worst husband in the Bible having affairs even producing babies that he tried to cover up even with murder. But God was watching. God was watching. When David was trapped he was crushed and heart-brokenly and had to say more than I'm sorry forgive me. He wrote the greatest Psalm of repentance leading to a new life in the Bible: Psalm 51. Christ died for our sins and believers can get forgiveness. But when we die and the angels take us to heaven, at the judgement of Jesus our lack of forgiveness and other sins are wiped out of history with fire as He finishes up the sanctifying and cleansing it with the washing of water by the Word as we emotionally burn inside seeing ourselves as God does. There cannot be any unholiness in the presence of a holy God. And rewards of treasures in heaven are passed out. GET FORGIVENESS WORKED OUT NOW NOT AT THE JUDGEMENT DAY OF JESUS! God is watching. God is watching. Jesus is watching. Jesus is watching.**

This reminds me of a preacher story I put at the beginning of “The Solomon Project” document. A certain robber was robbing a house and a parrot suddenly said, “Jesus is watching you.” The robber shrugged it off and continued his robbery. The parrot said again, “Jesus is watching you.” The robber began to get upset thinking that maybe he needed a vacation or something and he blurted out to the parrot, “What’s your name?” The parrot said, “Moses”. The robber was getting disturbed and hollered out, “MOSES? What kind of people would name a parrot “Moses?”” The Parrot said, “The same kind of people that would name a Doberman Pinscher ‘Jesus’”. Psalm 51.

- **No mud slinging! Mud slinging is for animals! Ask forgiveness.**
- **No personal attacks on another person. Both of you were made by and loved by the same God. I will just present civil discussion of various points on matters important to America.**
- **Attacks on other persons are like feathers thrown to the wind. You can’t gather them all up a week later when you realize your mistake!**
- **Thank others for their points of view for consideration. Take time to understand their points. You might learn something.**
- **I will consider the following: “You have heard that it has been said, ‘You shall love your neighbour, and hate your enemy.’ But I say to you, ‘Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you; That you may be the children of your Father which is in heaven: for He makes His sun to rise on the evil and on the good, and sends rain on the just and on the unjust. For if you love them which love you, what reward have you? Do not even the publicans the same? {That’s “publican” not “republican”.} And if you salute your brethren only, what do you more than others? Do not even the publicans so? You be therefore perfect, even as your Father which is in heaven is perfect.’”**
- **WATCH YOUR MOUTH!**

- I realize that Ronald Regan and his gentleman opponent both laughed at and enjoyed Regan's jokes.
- Shake hands or bump fists beginning and end of conversation.
- Consider taking each other opponent out to lunch and spouses. Ask about family, parents, grandchildren, interests, etc.
- I will make no plans to politically punish anyone. I may use my or other people's endorsements to help my desired outcomes about an election. I will not use endorsements questionably. I will not desire to be someone's pawn in an endorsement to even that person's political or otherwise score. If that is the reason I won an election, I would refuse the win and not have that hanging around my neck until death that I won an election on someone else's strength of that nature rather than my strength. To get a score settled it is better for that type of score to use forgiveness. But partys do use voting records and opinions. Endorsements are used to help or punish people for their opinions and voting records - - Not good human relations but a part of desired outcomes. But loses party brain power and can lose party legislature power. The colonials never solved this problem even though there were two partys then. George Washington was glad when they said you do this for me and I'll do that for you. Permit the pledge author to continue digressing. I have some experience in designing governments and leading people. I wrote a Men's Student Government Constitution in college and passed by the faculty without changes. It looks to me like party systems have an inherent King George III problem without a Revolutionary War to fix things resulting in lose of good human relations from King George. What the primary system needs is a good olde American United States fix! A political party needs three divisions like our original Constitution designed: a Supreme Court of nine! wise and understanding, a two party Legislature with guts!, and an Executive President benevolent leadership like the great Queen Elizabeth with veto power but No executive privileges without Legislature approval. The partys currently can now be run by a King George without An American Revolution unless they are run by a benevolent King George like the great Queen Elizabeth of our time. Think about it. The great Virginia colony met at Bruton Parish Church and prayed about it. The result was good! Does either party have the guts to pray about and try it? The colonial

Virginians leaders left Williamsburg Virginia and went to

Richmond Virginia to escape death and there Patrick Henry made the famous speech bravely that started the American Revolution War for our benefit: "Give me liberty or give me death!" So today we do not have to face a King George except by choice. These were courageous men most with Colonial religion! The slogan of One Nation Under God needs to be more than words! Psalm 51

- **Let the nation not have to suffer another nasty, lying, cheating, truth twisted half truth twisted even more election with political candidates trying to destroy each other personally instead of like respectful ladies and gentlemen discussing ideas for a better America. Also put your Pledge on your website to show all you!**
- **The colonials realized that religion is a personal matter in a free country but it is very important if correctly used! George Washington made that point very clear! Share religious ideas at the appropriate time.**
- **Regardless of your religion, I recognize that the pledge author researcher believes these things: You cannot make me hate you; only I can make me hate you and I do not chose to do so. The Colonial religion that gave us America: their Bible has only one sin that cannot be forgiven so for whatever you have done you have great hope no matter what you have done if your can sign this pledge and plan to change. The Colonial religion that gave us America: their Bible states - - "For God sent not his Son into the world to condemn the world; but that the world through Him might be saved."**
- **I will have a very civil day and enjoy other people in America!**

POLITICIANS! How do we cover them all with our ideas of civility civics which involves religious revival? There are thousands of politicians in our America with different desires! At the national level = 2 in the executive level; 100 Senate level; 435 at the House level; 9 at the Supreme Court level; 2 major party leaders. At the state level = 1 governor; similar numbers of national senate and house with some only having 1 legislation chamber; 436 judges states highest courts level including 2 highest criminal courts; 2 major party leaders. At the local level Britannica lists a multitude of significant cities, towns, and the like which we can find out their personnel by looking at the official website of the town plus locality 2 major party leaders there. How do we reach all of these our brothers and sisters Americans who have different ideas and practices than regarding civility civics religious revival than us? Can we change a nation? We know Who is in charge! God does not have to maintain us a world nation! "He increases the nations, and destroys them: He enlarges the nations, and straitens them again." "Daniel (not me Daniel) answered and said, 'Blessed be the name of God for ever and ever: for wisdom and might are His: And He changes the times and the seasons: He remove kings, and sets up kings: He gives wisdom unto the wise, and knowledge to them that know understanding:'" I like to think of little David and the five smooth stones and a slingshot. I can use a slingshot and I know how powerful it is. The stone that David slew at Goliath went through his helmet and sunk into his head. Then David took Goliath's big sword and cut his head off! Those of us who think that American politics is a mess need to carefully realize that our brothers and sisters on the other side are very powerful!! Israel had a fight with their brother Benjamin who was in the wrong. And the children of Benjamin were numbered at that time out of the cities twenty and six thousand men that drew sword, beside the inhabitants of Gibeah, which were numbered seven hundred chosen men. Among all this people there were seven hundred chosen men lefthanded; every one could sling stones at an hair breadth, and not miss! Israel consulted with God but still big losing battles ahead before wining! We may not need to change a whole nation - - In one of the books of Kings God had only 7,000 to do what He needed to do! Can we get 7,000 out of a nation of 350 million? Will that be enough?

How do we efficiently do this process? Get some friends and each do a few mailings names keeping records. Then each do a few more etc. until you have a whole body covered like congress or even a whole level like national. This what you send: Page 1 (cover) of "Daniel for Prez ~~Will win even if not elected!~~", a color printed copy of "Politics Civility Revival Pledge" (need less paper and stamps if Pledge printed on both sides of paper), Your nice comments on a separate sheet if desired. Do not mention names! Use first class stamps. Staple sheets of Pledge in upper left hand corner. Making 2 items plus your comments letter. ... Do this for the Page 8

10 mailings and 20+ mailings mentioned in all documents earlier. ... Then download these 2 items for two attachments and send to everybody in your email address book and send with cover letter as needed. People in Congress want their email be for their people use only. ... Give a set of these two things to each preacher you

know for word of mouth distribution. Some people do not like politics in worship services, etc. ... Give a set to your elected or running officials local, state, and national. Some people may get multiple copies. Fine. ... In 2 weeks note any responses and make known when appropriate. ... Involve people that may want to know about these things. ... At the state level here at first only do Governor and both party leaders of each house. In your cover letter encourage these people to present the process and document names and source. Don't forget party chairpersons at each level. ... Keep records and we will have coverage. ... If you want to get in deeper, do all members of state politicians and/or do some local level politicians. ... The process is in your capable hands. I do not plan to oversee the process. ... You may be able to support the funding you do. If you do a lot, investigate crowdfunding to support your efforts. My look at crowdfunding has had shortcomings but it is a good idea. Thanks for America! and God Bless!

So what do we do? Pray! I am humbly suggesting that two documents and other documents may help. Do you want to help? Do want to be one of the 7,000? Come join us!
